

An applicant must notify the regulatory body in question of the applicant's intentions to offer new rail passenger services before it can request the right to use railway capacity from the infrastructure manager.

Such a notification must include the information specified by the Commission Implementing Regulation 2018/1795 and detailed in this form.

**The information must cover the first three, and if possible the first five, years of the planned operations.**

**\*Required field**

### Data of the applicant

Name*	
Address*	
Legal entity*	Registration number (if appropriate)
Data of licence and safety certificate of the applicant or indication of the stage of the procedure to obtain them*	

### Contact data of the person responsible for queries

Name*	
E-mail address*	Telephone number*

### Description of the service

If there is not enough space in the text fields, please continue your answer in a separate attachment and send it according to the instructions given at the end of the form.

Planned starting date for the operation of the proposed new rail passenger service*
Detailed route indicating location of departure and destination stations as well as all intermediate stops*

Indicative timing, frequency and capacity of the proposed new rail passenger service, including proposed departure times, arrival times and connections as well as any deviations in frequency or in stops from the standard timetable, in each direction\*

Indicative information on the rolling stock the applicant plans to use\*

#### **Attachments**

Attachments must be compressed into a single ZIP file. The file name must consist of the date on which the application is submitted (ddmmyy), followed by an underscore and then the applicant's name without special characters. E.g. 250715\_company

List of documents\*

#### **Delivery Address**

Please submit the form and its attachments to the rail regulatory body by email at kirjaamo@traficom.fi.
